

Shanghai Zhanshi Unveils Its Full Automatic Hydraulic Cup Making Machine

SHANGHAI - June 5, 2025 - [PRLog](#) -- Shanghai Zhanshi Mechanical Equipment Co., Ltd., a leading force in thermoforming innovation, is proud to announce the official release of its Full Automatic Hydraulic **Cup Making Machine**. Engineered with precision, this high-performance thermoforming solution redefines efficiency, productivity, and reliability in **plastic cup** production—bringing automation to a new level for global manufacturers.

The Next Generation of Cup Making Machines is being pioneering

The global disposable cup market is expanding rapidly, driven by the foodservice boom and demand for sustainable packaging. But with rising expectations for hygiene, speed, and product diversity, traditional machinery often struggles to keep up. That's where Shanghai Zhanshi's Full Automatic Hydraulic **Cup Making Machine** enters the scene, transforming bottlenecks into breakthroughs.

Key Features: Built for Speed, Designed for Excellence

Designed with modern manufacturing challenges in mind, the Full Automatic Hydraulic **Cup Making Machine** stands out with a suite of features that empower operators, improve efficiency, and reduce downtime.

- Fully Automatic Operation
- Hydraulic Power System
- Thermoforming & Vacuum Molding Integration
- Touchscreen HMI Control Panel
- Energy-Saving and Eco-Friendly Design
- High Output Capacity
- Space-saving and hassle

Elevating Global Manufacturing with Smart Thermoforming

The Full Automatic Hydraulic **Cup Making Machine** is not only a tool—it's a competitive edge. With increasing environmental regulations and consumer expectations around quality, manufacturers are under pressure to modernize their production lines. These demands are met by Shanghai Zhanshi, who also provides a solution that anticipates them.

Performance that Pays Off

The commercial advantage of investing in Shanghai Zhanshi's Full Automatic Hydraulic **Cup Making Machine** is clear:

- Faster Time to Market
- Cost Efficiency
- Custom Flexibility
- Minimal Downtime

With installation support, training, and global technical service from Shanghai Zhanshi's expert team, you're not just purchasing a machine—you're gaining a long-term partner in growth.

Launch and Availability

The Full Automatic Hydraulic **Cup Making Machine** is now available for international orders through Shanghai Zhanshi's authorized distributors and direct sales channels. Interested businesses can request a virtual demo or in-person consultation via

www.vacuumac.com/Product/full-automatic-hydraulic-cup-making-machine

Bulk discounts, customization options, and after-sales service packages are available to support businesses at every stage of adoption. With an expanding presence in Europe, Southeast Asia, the Middle East, and North America, Shanghai Zhanshi is ready to provide quality across national boundaries.
